Water Well Registration Form

Completion of this form satisfies well registration requirements under District Rule 5.1 and Texas Water Code Ch. 36, Subchapter D. The District's rules require the registration of ALL wells within the District. Additionally, the owner or operator of a registered well must re-register the well on a new registration form if the owner plans to change the type of use of the groundwater, increase the withdrawal rate, or substantially alter the size of the well or well pump. It is a violation of the District's rules for any person to drill a well or authorize the drilling of a well without the approved registration form filed with the District.

INSTRUCTIONS: Please fill out a separate registration form for each well. Please submit this form to the Presidio County Underground Water Conservation District's address.

REGISTRATION TYPE (check appropriate box(es) below):

New Well Existing Well Re-registration - Change/Alteration of Well

EXEMPT WELL STATUS: Please check box if you believe your existing well meets the well permit exemption criteria in District Rule 5.6, and state the basis for your exemption: _____

REGISTRANT:

Name: _____

Mailing Address: _____

Phone: _____

Email: _____

If registrant is not the landowner, provide the following (if known):

LANDOWNER:

Name: _____

Mailing Address: _____

Phone: _____

Fax: _____

Attach a copy of documentation establishing authority of registrant to operate a well located on landowner's property (deed, lease, contract, etc.).

WELL LOCATION: _____
(Ranch Name, Address, or General Description of Well Location)

COORDINATES (not required if a plat showing metes and bounds is filed with this Form):

Latitude: _____

Longitude: _____

LEGAL DESCRIPTION: The well is located in the NW ¼, NE ¼, SW ¼, SE ¼ (circle the one that applies) of Section _____, Block _____, _____ Survey (or Original Grantee), Presidio County, Texas (if within a platted subdivision, give the lot _____, Block _____, and name of Subdivision _____).

DISTANCE FROM THE WELL OWNER'S PROPERTY LINE: _____ feet _____ (feet/miles) North, _____ South, _____ East, and _____ West (approximate distances).

DISTANCE FROM NEAREST WELL (if known): The nearest well is _____ (feet/miles) to the North, South, East, West (Circle) of the well. The nearest well is owned by _____ (name owner if not Applicant)

PRODUCTION OF NEAREST WELL: _____ gallons per minute

DISTANCE FROM SEWAGE OR WASTE FACILITY (Including septic tanks and drain fields, if known) _____ feet from septic field _____ (feet/miles) (Circle)

AQUIFER(S):

USE OF WELL: State the nature and purpose of groundwater used (check more than one box if applicable):
Domestic _____ Livestock/Poultry _____ Irrigation _____ Public Supply _____
Industrial/Commercial _____ Other (specify) _____

State the amount of water used annually for each purpose:
Domestic _____ Livestock/Poultry _____ Irrigation _____
Public Supply _____ Industrial/Commercial _____ Other (specify) _____

ESTIMATED RATE OF WITHDRAWAL: _____ gallons per minute

PRODUCTION CAPACITY (Maximum amount of withdrawal in a 24-hour period as equipped): _____ gallons per minute

LOCATION OF USE: _____

WELL TESTS: Has a chemical analysis been performed? _____ Yes _____ No

Date: _____

By: _____

Performance Test: Date _____ Type of Test: ___ Pump ___ Bailer ___ Jetted

Other _____

Yield: _____ gpm. Static level: _____ ft. Pumping level: _____ ft.

DRILLERS LOG:

A driller's log and any electric, mechanical, or geophysical log made must be attached to comply with Texas Water Code Section 36.112 and District Rule 6.3. Such logs must be filed within 60 calendar days after completion of a well. In the event a driller's log cannot be furnished, include the information under the Well Completion and Well Equipment subsections below.

WELL COMPLETION:

State Well Number: _____

Date Drilled: _____ Driller: _____

Casing and Screen Completion: ___ Concrete Slab, width _____ length _____ height _____

Steel Sleeve: _____ Dia. (in) _____ From (ft.) _____ To (ft.) _____

Other Cementing Method used: _____

Cemented by: _____ No. of Sacks _____ From (ft.) _____ To (ft.) _____

WELL EQUIPMENT:

Type of Pump: _____ Turbine _____ Submersible _____ Windmill
Other: _____
Pump size: _____
Fuel/Power: _____ Electric _____ Diesel _____ Other _____ Horsepower: _____
Yield: _____ Flow _____ Pump _____ gpm. Measured _____ Estimated _____
Date: _____

DECLARATION: I agree to comply with the District's Rules, orders of the District's Board of Directors, all groundwater use permits and plans promulgated pursuant to the District's rules, and the District's Management Plan. I agree to comply with all District well plugging and capping guidelines and report closure to the Texas Commission on Environmental Quality.
